About Us

Kishkinda Engineering Services was established in 1998 as a service provider in the field of industrial excavation and demolition, later in 2005 considering the market need in the field of industrial licensing we moved to this field of service by completely halting the excavation services. Today we are serving more than hundreds of fortune 1000 companies and these companies are completely and confidently relying on us. Seeking any industrial licence is back breaking work but out experienced engineers and executives are working hard to maintain all the licenses of the company up to date and clear. Kishkinda Engineering Services with its team of highly skilled specialists provides strategic and operational support to the industry.

Our Mission

The mission of the company is to provide all industrial establishment services at one stop so that businesses can work flawlessly

Our Vision

Our company's vision is to make everlasting bond with the corporates by providing a unique one stop solution for industrial establishments.

Message from Mr. Desai

Umesh Shamrao Desai

Chartered Engineer (B.E. Civil)

Mr. Desai is highly skilled engineer and an entrepreneur, with the skills and experience he is providing services to multimillion dollar companies in the field of industrial establishments. He founded the company with his own name in mid-90's by his own and used to provide services in the field of excavation & demolition. Later in 2005 considering the scope of industrial licensing he started to provide services in industrial licensing field by completely stopping the excavation services.

Mr. Desai Considers himself as a forever student & his eager for knowledge and determination to turn idea & information into action has made him most successful person in the industry. Today more than hundreds of MNC's are relying on his consultancy services to get industrial licenses. Currently he is expanding his business through whole country and trying to get in touch with more & more corporates to reduce company's downtime by legalizing their functions,
